**Subject:** intrusion work group

Hi Gail,

Could you add Scott Landes (see e-mail address above) to the work group e-mail list? Scott is a meteorologist and does most of our air quality forecasting (including forecasting intrusion events in Colorado). He also prepares most of our meteorological analyses for blowing dust PM10 exceptional events in Colorado. He would be a good person to add to the smaller group focusing on the June 2014 and 2015 events.

Thanks,

Pat
